

PEARSON VUE TO DELIVER NEW ISEB ITIL® VERSION 3 EXAM

June 2009

PEARSON VUE has been chosen by the Information Systems Examination Board (ISEB) to deliver its new IT Infrastructure Library (ITIL®) Version 3 Foundation Certificate in IT Service Management. The new test will be delivered in English within the Pearson VUE Authorised Test Centre network worldwide.

Suzana Lopes, Pearson VUE's EMEA VP Sales and Marketing, says, "The ITIL® is the most widely accepted approach to IT service management in the world. It is now being adopted and used globally by organisations in the public and private sectors, as the de facto standard for best practice in the provision of IT service. Version 3 is a major update of this important standard, so we are particularly proud to be delivering such a clearly key exam for ISEB."

The exam is already open for registration and delivery at test centres worldwide, and Pearson VUE's regional account managers are on hand via www.pearsonvue.com to answer any questions.

The full list of ISEB exams now available via Pearson VUE Test Centres (all tests delivered in English language) is as follows:

ITIL® V3 Foundation Certificate in IT Service Management
Foundation Certificate in Business Analysis (FCBA)
Foundation Certificate in Project Management (FCPM)
Intermediate Certificate in Software Testing (ICSWT)
Foundation Certificate in Software Testing (FCSWT)

Ends.
