Is online testing right for you?

Did your computer pass the system test?
(Visit your program's online exam page to run the test)

Yes → I tested my computer and it meets the system requirements

No → My computer doesn't meet OnVUE system requirements

Can you address this before exam day?

Yes → **Do you have reliable internet service?**

No ✗

Do you have reliable internet service?

Yes → I have a strong, secure internet connection, with no firewalls or VPN

No → My internet connection isn't the greatest, plus others are always sharing it

Can you upgrade your internet service?

Yes → **Do you have a suitable space for testing?**

No ✗

Do you have a suitable space for testing?

Yes → I have a quiet, private space to take the exam without interruptions

No → I don't have a private area to test in... I could be interrupted by co-workers, kids or pets

Can you arrange for privacy on exam day?

Yes

No ✗

Are you comfortable being monitored remotely while testing?

Yes → I don't mind being monitored in my personal space during my exam

No → Being monitored online during the exam is creepy and it bothers me

Can you get past your discomfort?

Yes

No ✗

Will you consent to all the online exam requirements?

Yes → I understand why online exams have different policies, and agree to observe them to avoid violations

No → These policies seem excessive and I don't think I can commit to observing all of them

You're a good candidate for ONLINE TESTING

You'll probably do best in a TEST CENTER

*Note: This illustration does not apply for accommodated testing conditions.*
